

The Network Analysis

Questions for a specific case:

- [1] What is the core of the initiative?
- [2] Which factors do matter for this initiative?
- [3] Which actors should move to make connection with these factors?
- [4] Who are users and who are suppliers?
- [5] Which partners are carrying the initiative?
- [6] Who can link these partners to the most important suppliers and users?
- [7] Which relations require more attention?

In this example there are three partners who carry the initiative. There are links between them and suppliers, as well as users. Some links do not exist. Here is work to do.
